Grab-It Safe™

Complex Design
- Specifically developed for handling glass and other dangerously sharp materials.
- Provides excellent cut and puncture resistance - with extra protections just where you need it most.
- Crinkle finish assures a safe grip on smooth and slippery materials, even in wet conditions.
- Comfortably outperforms ordinary leather and Kevlar® Knit gloves.
- Offers thermal protection.

Applications
- Glass
- Tiles and ceramics
- Tin plates
- Slippery and sharp-edged plastics

Packaging
- 12 pairs per polybag, 6 polybags per carton.

Features and Benefits
- Crinkle finish latex coating.
  Provides maximum flexibility with good resistance to cut and puncture. Also excellent wet and dry grip.
- Tough cotton/Kevlar® liner with extra Kevlar® reinforcement in the thumb crotch.
  Gives valuable extra protection in this especially sensitive area.
- Multi-piece, full Kevlar® liner with internal elacticated strap.
  Improved comfort, fit and durability. Greater protection for forearm and wrist.
- Machine washable.
  Will not shrink, stiffen or lose its protective properties.
- Outclasses leather and Kevlar® Knit gloves both performance and durability.
  The best value option for handling sharp-edged materials.
